

We must write a song,
But we don't have inspiration,
And we are obliged to find a solution.

We try,
We try
And one day,
We will make it!

Song About Dreams

Even if time is short
And even if years are just
Days and months
I want to go up to the end of my dreams
Without regrets
No sadness,
Just happiness.

Bartoli Clara, 4B

We thought

You were everything for us.

You were like our father.

You taught us how to fly, fight, survive, escape.

You were like my hero, my model.

You helped us escape from that horrible place.

You hid us in the mountains of Colorado.

But then you disappeared and then we found you.

You were still one of them all these years.

We thought you were with us but it turned out

That you were just acting.

We thought you were our savior.

You begged us to trust you, but just so you know

We're never ever going to trust you again.

Inspired by Patterson's books : *Maximum Ride*.

Celic Perez-Lopez, 4e B

On the tune of *Yellow Submarine* (The Beatles)

CHORUS:

Christmas day is a [marvellous moment (x2)]

Christmas day is a [marvellous moment (x2)]

STANZA: If the town is decorated

When the snow covers all houses

If Santa Claus is busy

It's because Christmas is not far!

CHORUS

STANZA: All the children are excited

To see their presents on the tree

In the sky, stars are shining

Tonight Santa Claus is going here

Full Love

There are so many things, my heart wants to say.

I love you Darling, there is no other way.

No words can tell you,

That I'll always love you.

My days of sadness are far behind me.

When you've opened the window,

You've shown me the light.

My days of happiness have just begun now.

You

When I see you,

I think of you,

You are my life.

I love your eyes,

I love your mouth,

I love your body,

But you don't love me.

Look at me,

I love you,

I love you, it's not a joke.

You should love me too.

Love poem

If I was a hero,
I would do anything for you,
Stop the flow of rivers, move mountains, blow up the world,
But I do not need to be a hero
Because I love you and I could do it all for you...
Even though it hurts,
I cry, suffer, shout,
I know that I love you more than anything
And that nothing could break the love I bear to you.

The same name

We have the same name ...
Our name is Hugo ...
We have the same (x2) personality (x2)

We are always together,
Both of us are clumsy and messy.
He is less small than me, (Hugo G)
He has got brown hair but I have got blond hair, (Hugo M)
But we are alike!!

We have the same name ...
Our name is Hugo ...
We have the same (x2) personality (x2)
We are alike !!

Willing to go

It's gonna take more than a lifetime
To give you all my friendship
From now until forever
We will support each other in difficult times
As we share moments of happiness.

Willing to go to a place,
Where we never need to be sad,
I'll take you there,
In the heat of summer, cold of winter
I'll always be near you.

Time goes by, we can never stay the same
Because of your smile gone
Friendship still shines close to you.
I want to return in the past
To meet you again
And still share with you those moments of life

Willing to go to a place,
Where we never need to be sad,
I'd like to take you there,
In the heat of summer, cold of winter
I'd like to be always near you.

A song composed on the melody of *Stand by me*, Ben E.KING

When it snows,

Santa Claus

Makes a show

In the sky

And he knows

Without reindeers

He can't fly.

And tonight,

All the children

Are waiting impatiently

For Santa Claus,

And they're dreamy

In their beds,

They're sleepy.

Santa Claus

Santa Claus

Come to us !

Oh come to us !

Oh come !

Come to us !

Come to us !

España and Italia

In Italy there's pasta!
In Spain there's corrida!
We can say it's fantastic,
And we can walk on the street.

CHORUS

I love Spain and Italy,
Over there, it's always sunny!
Two countries so different,
United like two sisters.

I love Roma and Madrid,
The Duomo and the Prado.
These countries are so funny,
Like pizzas and gaspachos!

CHORUS

Mi piace l'España!
Me gusta el Italia!

BE YOU

Assia, Manal and Felicia. (4B), inspired by *You are beautiful*, by Christina Aguilera

*You are wonderful
No matter what they say
Words can't bring you down
In every single way
Don't be shy,
Don't be afraid,
And let them talk!
Just be you,
Everyone will like you.*

***Chorus : Be strong, be hard, be proud,
Be you and say it loud.
When you are natural,
You are exceptional!***

*They are jealous,
Nobody's perfect and you too
So, do, think, tell what you want
And be who you want to be.*

Chorus

*Don't forget who you are
And if you feel lost,
Remember this refrain :*

Chorus

World's feelings

The world becomes sad, people are cruel
Cruelty reigns on the world!
Walls dive, and I dive too, in the sadness
Why is fate so cruel?

Chorus

**I want to change the world
I want to change selfish people
And to remove the footprints of the past
To remove the sadness of the world
And to start everything again.**

I don't want to become a cruel person
That's why I want to change the world!
I am who I am, and I don't want to change,
It is my life, my only life, and I want to take advantage of it!

Chorus

Now, it's the moment,
To change the world!
Let us change the world
And we can succeed, together!!!
Let us change the world
And we can succeed, together!!!

HORRIBLE WORLD

I would like to change the world

Stop war

I would like to change people

Stop school

I'd like to switch off the light

Wake up in another world

Where all these things don't exist.

Why not resume life,

Return to the beginning,

The beginning of the world

I hate death

And pain as well,

I hate violence

All in this world as well.

I'd like to switch off the light,

Wake up in another world,

Where all these things don't exist

Why not resume life,

Return to the beginning,

The beginning of the world.

I want to live in a perfect world

Without hatred,

I want to be a shooting star

Cross the sky.

I'd like to switch of the light

Wake up in another world

Where all these things don't exist.

Why not resume life,

Return to the beginning,

The beginning of the world.

*I feel so sad
'Cause of this boy
Who broke my heart,
I just loved him so deeply and I regret it.
My mom said 'Be careful!'
But I was blind,
And I didn't listen to her advice,
This nice guy was hiding a monster
Who didn't feel any pity
And broke my heart OH!
I have a problem, my heart is broken!*

Christmas holidays

*When I was on holiday,
I was very happy,
I didn't have to go to school
and if I wanted to,
I could wake up at 10 o'clock.*

*But today, it is the last day of
the holidays.*

*Tomorrow, I am obliged to go
to school, because today is
the last day of the holidays.*

*Because today is the last day
of the holidays.*

LOVE SONG

Past is far away behind me,
Future doesn't matter to me,
I'm the happiest man in the world
When I look at you.

**I don't want to know
What will happen tomorrow,
I just want to love you now.**

For you, I left my friends and my family,
For you, I changed my life,
People say I'm crazy,
But I don't care what they say.

**I don't want to know
What will happen tomorrow,
I just want to love you now.**

The birds are singing in the trees,
The sun is shining even at night,
I'm the happiest man in the world
When I look at you.

**I don't want to know
What will happen tomorrow,
I just want to love you now.**

We have time to share,
Tell me what you want,
I'm ready to follow you everywhere,
I'm your slave forever.

**I don't want to know
What will happen tomorrow,
I just want to love you now.**

« You broke my heart... »

Stanza: This day should finally have come.
The day you had to tell me
Our love is over.
First I had to hate you...
And after I had to regret you!
How could you do this to me?
I , who was always thinking of you.
You broke
My whole heart...

Chorus: You left without turning round
While I was sure
That we would never be separated.
Because of this break-up,
Which was like a burn,
My heart is so hurt!

Sékolène and Alya, 4B

Tom CASTER 4B, Jan. 2012 : inspired by Adele, *Someone Like You*

I love her but she doesn't care

I dance like a rock star but she ignores me,

I am having breakfast but she is not here,

But I love her,

I wear beautiful clothes but she wouldn't see them,

I'm working out every day but she won't touch me,

But I love her,

I do love her but she doesn't care,

She's too far now to remember.

I sing like a pop star but she turns away,

I cook like a *Master chef* but she won't taste it,

But I love her,

I do love her but she doesn't care,

She's too far now to remember.

When the sky...

When it rains,

The sky is crying.

Maybe it is in pain.

I don't know and I'm not lying!

When the sky is happy, so are we.

When the sky is sad, we are too.

When it is sunny,

The sky has joy in its heart.

It is a good thing finally.

And it's only the start!

When the sky is happy, so are we.

When the sky is sad, we are too.

When the storm rages,

The sky is in black anger!

Since the dinosaurs ages,

It has had a bad temper.

When the sky is happy, so are we.

When the sky is sad, we are too.
